

Why should Moldova invest in a solar park?

Chiril Gaburici, the Minister of Economy and Infrastructure is very enthusiastic about the project: "This solar park is an important milestone for Moldova's energy sector. It reduces our dependency on imported energy. Furthermore, the production of green energy is a clear commitment to the environment."

Is Moldova's biggest solar park connected to the grid?

Moldova's biggest solar park is connected to the grid now. An outstanding project - not only for Iqony Sens but also for Moldova. Covering an area of 2.5 hectare the 1 MWp solar park is strengthening Moldova's energy security.

Why did Moldova launch its first wind and solar power plant?

CHISINAU, Aug 16 (Reuters) - Moldova launched its first tender for wind and solar power plants on Friday as part of a push to reduce its reliance on Russian energy. "Opening up for investors to develop renewables is yet another critical step towards ensuring greater energy security for Moldova," Energy Minister Victor Parlicov told Reuters.

How many solar power plants are there in Moldova?

According to the Ministry of Moldova in the whole country there are currently 52 PV-power plants of different sizes with a total capacity of 2.93 MW, which means this new solar park in Bacioi village makes a significant contribution to the increasing green energy supply.

What's going on with Moldova's energy infrastructure?

That action, he said, included connecting Moldova's grid to the European Network of Transmission System Operators (ENTSO-E), upgrading energy infrastructure to receive natural gas from diverse sources, and building electricity lines to enhance its connection with the European Union.

Will Moldova get a 15-year fixed price guarantee?

The winning investor will get a 15-year fixed price guarantee for the electricity generated. Official data shows Moldova increased the share of renewable energy sources in its electricity consumption to 10.5% in 2023 from 3.6% in 2021, driven by wind and solar.

Covering an area of 2.5 hectare the 1 MWp solar park is strengthening Moldova's energy security. According to the Ministry of Moldova in the whole country there are currently 52 PV-power plants of different sizes with a total capacity of 2.93 MW, which means this new solar park in Bacioi village makes a significant contribution to the ...
