

How can South Sudan's energy sector support peacebuilding?

One possibility for South Sudan's electricity sector is to work with the energy transition objectives of the United Nations (UN) Secretariat, which present new and unique opportunities to unlock a series of clean energy projects across the country. This approach is also a creative way to support peacebuilding.

How does South Sudan's energy sector affect conflict dynamics?

South Sudan's energy sector is deeply embedded in the country's conflict dynamics, from the economy's near total dependence on oil production and the accompanying patronage systems to the reliance on imported diesel for access to electricity.

Does South Sudan have a power shortage?

(Trading Economics). This non-access to electricity has the potential to constitute a vicious circle leading to energy insecurity. The inability of the government's energy policies. As a consequence, the population would tend shortage. South Sudan happens to be facing that situation, as the power source (Mai et al., 2016:13).

What is South Sudan's Energy Security?

country's energy security. In the very early moments of its independence, the South Sudanese state benefited considerably from oil production. The country share production (Adeba & Enough Project, 2019:1). However, after neighbor (International Monetary Fund, 2017 :6). through its pipelines. As a response to that situation, the South Sudanese

How does lack of electricity affect business in South Sudan?

Specifically, over 75% of firms surveyed in South Sudan complained that lack of energy hinders business operation. Second, lack of electricity drives up costs as businesses and families try to produce their own power, which is extremely expensive.

Does South Sudan have a refining capacity?

Despite being an oil-producing state, South Sudan has no domestic refining capacity. Virtually all access to electricity comes from generators that rely on imported diesel. This energy dependence requires hard currency, which is a drain on the government's limited cash reserves.
