More renewables needed in India-Bangladesh energy cooperation. Hossain is concerned about Bangladesh importing "nearly 15%" of its total electricity requirement from India. "This is not a good decision," he says, pointing out that power generation from Bangladesh's own gas-fired plants was much cheaper at about BDT 6 (USD 0.05) per ...

Microgrid Design and Operation is a practical guide full of deep expertise to help facilitate the design, implementation, and effective management of microgrids. As a member of the International Sustainable Campus Network (ISCN), The University of Genoa shares their real-world experiences from implementing the first low voltage Smart & Sustainable Microgrid in Italy.
