

Boviet solar Haiti

Is boviet solar a Tier 1 PV module manufacturer?

Boviet Solar is proud to be recognized as Tier 1 PV module manufacturer by Bloomberg New Energy Finance. Boviet Solar's PV modules consistently achieve Top Performer status on the PV Module Reliability Scorecard by PVEL Kiwa. Boviet Solar's manufacturing facilities have undergone rigorous assessment and successful verification by Black and Veatch.

What makes boviet solar unique?

Boviet Solar's manufacturing facilities have undergone rigorous assessment and successful verification by Black and Veatch. We utilize cutting-edge cell technologies, including Monocrystalline PERC and TOPCon solar cells, known for their exceptional power, performance, and efficiency.

Why should you choose boviet solar?

We deliver solar modules engineered with advanced solar cell technology and smart design features, ensuring exceptional quality, reliability, and efficiency. Boviet solar is a leading solar energy technology company founded in 2013 in Vietnam.

What makes boviet solar a bankable company?

Boviet Solar stands as a bankable company by virtue of its proven performance, technological leadership, global presence, sustainability commitment, customer satisfaction, and forward-thinking vision. We are dedicated to powering a greener future and empowering our partners to achieve their renewable energy goals with confidence.

Why did boviet solar win a Sustainability Award?

This recognition highlights Boviet Solar's commitment to environmental, social, and governance (ESG) excellence, placing the company among other global businesses with top-performing sustainability efforts.

Why did boviet solar receive EcoVadis recognition?

"We are thrilled to be recognized by EcoVadis for our sustainability initiatives," said Songul Atacan, Head of Global Brand and Marketing at Boviet Solar. "This achievement reflects our ongoing commitment to creating a more sustainable future through innovative solar technologies and responsible business practices.
