Does Powerco own QuantumScape?

PowerCo's parent company, Volkswagen Group, partnered with QuantumScape early on and remains one of its largest investors. In December 2022, QuantumScape delivered its first batch of 24-layer solid-state cells to its automotive partners for testing - including Volkswagen Group and others.

Is Volkswagen partnering with QuantumScape?

SALZGITTER, Germany & SAN JOSE, Calif.-- (BUSINESS WIRE)-- Volkswagen Group's battery company PowerCo and QuantumScape (NYSE: QS) today announced they have entered into a groundbreaking agreement to industrialize QuantumScape's next-generation solid-state lithium-metal battery technology.

Will QuantumScape bring lithium-metal battery technology to market?

"This agreement is a major step in our long-term global scale-up strategy to bring QuantumScape's solid-state lithium-metal battery technology to market," said Dr. Siva Sivaram, CEO and president of QuantumScape.

Who is the CEO of QuantumScape?

(Photo: Business Wire)

The agreement will supersede an earlier joint venture between Volkswagen and QuantumScape to co-manufacture batteries and, according to the announcement, create a "highly collaborative partnership" combining QuantumScape's technology and PowerCo's global industrialization capabilities and manufacturing facilities.. Under the non-exclusive license, ...

The islands were named "Santa Ursula y las Once Mil Virgenes" by Christopher Columbus in 1493 after the legend of Saint Ursula and the 11,000 virgins. [3] [5] The name was later shortened to "the Virgin Islands"; [3] The official name of the territory is still simply the "Virgin Islands", but the prefix "British" is often used.

Now, PowerCo and QuantumScape will collaborate to rapidly scale QuantumScape's technology, starting with a licensing agreement that allows PowerCo to use the technology to produce 40 to 80 GWh annually -- ...

PowerCo can manufacture up to 40 GWh of batteries a year using QuantumScape's technology with an option to up this to 80 GWh annually, The licence to do this is non-exclusive meaning other car manufacturers can ...

Under the non-exclusive license, PowerCo can manufacture up to 40 gigawatt-hours (GWh) per year using
