

We specialize in the construction of photovoltaic systems for business, home and solar power plants. We provide reliable and cost-effective solutions for the use of renewable energy for the ...

Gases. 90 years" experience in the production and distribution of gases, designed to make our customers" work easier and safer. Gas from air, deposits or synthesis: regardless of the source, SOL can provide constant, reliable supplies of very high-quality gases, and guarantee that impurities are controlled to the order of "parts per billion" (ppb).

The EBRD guarantees a loan for Enery"s solar plant project in Bulgaria, supporting the country"s renewable energy goals and phasing out coal-fired power generation. The European Bank for Reconstruction and Development (EBRD) has agreed to guarantee a loan of up to EUR 25 million for Enery"s large-scale solar plant project in Bulgaria.

Once developed, St. George will be one of the largest solar plants in Bulgaria, operating 229MW of solar energy and playing a decisive part in the country"s energy transition. With both the VIFOR wind farm and St. ...

Bucharest, 4 July 2024: Rezolv Energy, the Actis-backed independent power producer in Central and Southeastern Europe, through their project subsidiary First Looks Solutions S.R.L., have signed a 10-year Virtual Power Purchase Agreement (VPPA) in Romania with Bekaert, a global leader in steel wire transformation and coating technologies.

The Bulgaria Solar Energy Market is expected to reach 1.88 gigawatt in 2024 and grow at a CAGR of 4.34% to reach 2.33 gigawatt by 2029. Solarpro Holding PLC, Jinko Solar Holdings Ltd., Green Yellow, Skytech Energy Ltd and Elsol Ltd are the major companies operating in ...

Solarsol - Solar Panel Installation in the North East From a Company You Can Trust! The team here at Solarsol is dedicated to helping our customers save money on their energy bills. Immensely proud of the first-class reputation we have attained for high levels of customer service, we are considered by many as the number one company for Solar ...

Sofia, Bulgaria, October 16, 2024--To support Bulgaria's transition to a more sustainable and diversified energy mix, IFC is financing a 225-megawatt (MW) direct current solar photovoltaic (PV) project developed by Rezolv Energy, a leading independent renewable energy producer in Central and Eastern Europe.

The rapid evolution of Bulgaria's photovoltaic landscape is exemplified by the changing roster of the largest PV units. Just three months ago, Eurohold's Verila solar power plant claimed the title of the largest facility with a nameplate capacity of 123 MW. However, this record was quickly surpassed by Dalgo Pole, a solar park with an ...

The growing RES sector and Solar PV attract investors in Bulgaria due to the country's: favourable conditions and location; low tax rates; low land prices; favourable policies and legislation. In recent years the annual growth of the solar sector has been 40% year on year, says Bulgarian Photovoltaic Association. And the future of solar is in ...

Solarsol is a leading company in the installation of solar panels and manufacturing of photovoltaic panels. With a history of commitment to quality and the environment, Solarsol has positioned ...

Let's build a bright and sustainable future together! what we do EPC leader in the photovoltaic sector Briabuild Solar is headquartered in Bulgaria and operates locally and internationally. Our scope of work encompasses the engineering, procurement, and construction (EPC) of photovoltaic (PV) plants. Our projects cover all aspects, including civil, mechanical and ...

The 165-hectare, 229 MW installed capacity plant, acquired from YGY Industries JSC, will be situated in Silistra Municipality in north-eastern Bulgaria; Named "St. George", the ...
