

Convergent energy Israel

Who is convergent energy & power?

About Convergent Energy and Power Convergent Energy and Power (Convergent) is a leading provider of energy storage solutions in North America. Convergent has over a decade of experience financing and managing all aspects of the energy storage development cycle to help customers reduce electricity costs and increase reliability.

What does convergent do?

Convergent finances and manages all aspects of on-site renewable energy development and operation to significantly and sustainably lower electricity bills for the industrial sector, electric cooperatives, and municipal utilities, and investor owned utilities.

What is convergent energy storage?

Convergent has been a trailblazer in identifying new applications and industry firsts for both energy storage and solar-plus-storage, including the first non-wires alternative for utility infrastructure in the United States and the largest (at the time) behind-the-meter battery energy storage system in North America.

Why did ECP buy convergent?

The market now fully agrees with our founding premise. In 2019, the energy and infrastructure fund ECP purchased Convergent, providing us with the financial resources to continue setting energy storage sector milestones.

Convergent has Consistently Been Ahead of the Curve in the Energy Storage Sector ... Energy storage--most often lithium-ion-based battery storage--allows businesses to avoid peak pricing and utilities to reduce wholesale demand and energy costs while increasing reliability and supporting the clean energy transition. 2021 was the inflection ...

Being a good corporate citizen is core to Convergent. We were one of the first privately-held companies to engage the ESG rating agency Sustainalytics, a Morningstar company, to benchmark our performance against robust ESG standards, establish data-driven goals, and receive an annual third-party audit of our progress.. We are proud to report that both within ...

Andy leads the Strategic Origination group at Convergent and is responsible for crafting the firm's strategy for the deployment of storage as a grid service. The group has contracted over \$100M worth of opportunities to date ...

overview: Convergent R.N.R (CRNR) developed a transformational AI driven robotic radiation platform that was exclusively designed to significantly reduce non-therapeutic dose to adjacent critical structures, disrupting a stagnant radiation therapy/surgery equipment market. The uniquely converging low energy x-ray beam fulfils
