

That's why here at Dakota Lithium we focus on building batteries that last a long, long time. By harnessing a unique chemistry and our engineering know-how Dakota Lithium lasts 4-10x longer than traditional batteries, providing lasting value for our customers, and reducing e-waste and the impact on our planet.

Dakota Lithium batteries use lithium iron phosphate chemistry. This chemistry is extremely stable and not prone to thermal runaway. Pulse 2.0 interviewed Dr. Yong Hou, vice president of research and development at Dakota Lithium, to learn more about the company.

With 100 MWHs of energy storage deployed globally,Dakota Lithium is the leader in OEM engineering,powering the future for the worlds most innovative companies. Meet Dakota Lithium. Meet your power broker. Get access to exclusive deals,hear about new products before anyone else,and enjoy tips,tricks,and DIY hacks from our community of experts.

Backed by an 11-year warranty and 8x the lifespan, Dakota Lithium powers your trolling motor, RV, or golf cart with reliable, all-day performance. Hurry! Offers expire 11/30/24. Shop now and save! We partner with industries across the globe to build customized energy solutions.

Jump start a car or boat engine with over 1,000 cold cranking amps (CCA) of engine starting power,run a trolling motor,or power your devices and smaller appliances with 135 amp hours (1,728 watts)of deep cycle Dakota Lithium energy. All in one waterproof lithium battery so light that it floats.

The Human Rights Measurement Initiative (HRMI) finds that Sao Tome and Principe is fulfilling only 83.8% of its expected commitments to the right to education based on the country's level of income. HRMI breaks down the right to education by looking at the rights to both primary education and secondary education.
