Can social landlords roll out solar PV across their stock?

...thanks to a new partnership with energy saving specialists Happy Energy Solutions, low carbon energy supplier EDF and British solar company UKSOL, social landlords have access to a significant new grant through the Energy Company Obligation (ECO), which could allow them to roll out solar PV across their stock, with up to 80% of the costs covered...

Should social landlords invest in a solar power grant scheme?

Andrew Moore, Founder of UKSOL said "the grant scheme is an excellent opportunity for social landlords to reduce grid electricity consumption, cut bills and shrink carbon emissions without the burden of increased capital outlay associated with deploying solar power.

Can a tenant invest in a solar energy system?

Tenants have an interest in low-cost electricity from renewable sources, but cannot invest in a solar system as part of the rental property. Landlords can invest, but have no need for electricity. This hurdle to the expansion of solar energy could possibly be overcome on the basis of the law on service charges.

Can a rental property use a solar system?

The so-called „user-investor dilemma" is still considered one of the hurdles that impede the use of solar installations on rental properties' rooftops. Tenants have an interest in low-cost electricity from renewable sources, but cannot invest in a solar system as part of the rental property. Landlords can invest, but have no need for electricity.

Can a third party install solar panels on a property?

The most common arrangement is that the third party installs solar PV panels on the property. The homeowner then receives the electricity generated (lowering their electricity bills) and the third party owner of the installation receives any associated subsidies, in this instance, FIT generation and export payments.

Are solar power plants a legal hazard for landlord-to-tenant tenants?

Landlord-to-tenant electricity generated from PV power plants is fraught with many legal pitfalls regarding rental and funding aspects.
