Altea Energy is a Consulting company in the oil and gas, renewables and nuclear industries. We select and mobilize high skilled consultants in the energy sector.

How did Altea energy support Rainpower?

Between 2015 - 2019 Altea Energy supported Rainpower's work on the rehab of two hydroelectric power stations in Manica province, Mozambique. Altea Energy provided us with expert consultants and took care of contracting, work permits/visas, payroll and local employment taxes, providing a

Does Dominica rely on diesel?

Currently, Dominica relies heavily on diesel for about 70 per cent of its electricity. However, DOMLEC is actively engaged in renewable energy projects to reduce carbon emissions and decrease dependence on foreign oil. DOMLEC's most significant renewable energy endeavour is the construction of a geothermal power plant in the Roseau Valley.

Will Dominica reduce its reliance on fossil fuels?

Roseau, Sept. 25, 2023 (GLOBE NEWSWIRE) -- The Commonwealth of Dominica, a Caribbean Island nation, has been taking substantial steps to revolutionise its energy sector and diminish its reliance on imported fossil fuels.

What makes Altea a good company?

Timely and respectful communication, adherence to deadlines, and maintaining a professional demeanor are highly valued. I know for a certainty that Altea makes the best of its effort at all time to accompany me in my mission. Very professional people and good survey of client need.
