

E22 energy storage solutions Seychelles

What makes E22 energy storage solutions unique?

No other technology can match the advantages of E22's all-Vanadium Redox Flow batteries. E22 Energy Storage Solutions blends the perfect combination of enthusiastic young engineers with experienced experts in power generation, product engineering and construction.

Why choose Seychelles solar energy?

Local Seychelles experience Mahe, Praslin, La Digue and outer islands Certified by Seychelles Energy Commission Approved by PUC Technical staff qualified in solar energy & energy efficiency Quality renewable energy products Warranty & Certification Best price Optimal performance Best return on investment Solar Energy PV Systems

What is energy storage solutions?

lowest total cost of installation along with industry leading reliability. Energy Storage Solutions, known as E22, is more than a Utility-Scale Energy Storage Systems Integrator that entered the energy market in 2014.

How are E22 products verified and validated?

To ensure our reliability, E22 products are verified and validated internally by recognized engineers and audited by third parties, all in conjunction with a flexible supply chain that includes our own BOP manufacturing facilities and competitive costs.
