

HR 1221W is specially designed for high efficient discharge application. Its characteristics are high energy density, small footprint and high discharge efficiency. It can be used for more than 260 cycles at 100% discharge in cycle service. Up to 5 years in standby service.

22, 27 and 42U 600 x 800 Deep Cabinet with Fans & Shelves (Flat-Pack)- 4 fans- 4 adjustable feet and castors- Flat shelves- Material: seamless steel board- Good ventilation and heat dispersing- Powder coated to protect against rust, oxidisation, scratches, lacquer peeling- Framework - high strength steel with a 500kg weight capacity- Side panel can be easily ...

The Victron Quattro is the larger inverters in the Victron range. It has 2 x AC inputs for typical connection for grid and generator further on it has same features as the Multiplus. Model: VIC-QUATTRO-48-15000-200-100-100 Charge current house battery: 200A Operating Voltage: 48V Auxiliary output: 50A Rating: 12,000 W Power Factor: 1 AC inputs: 2 Weight: 94 kg Quattro ...

For more than 25 years Electrilabs continues to ensure the maximum possible system availability of our client's Backup-power systems, Electrical- and Solar-power infrastructure, Telemetry systems (IoT, Smart-Homes etc.) and since 2008 also their Data-center Infrastructure. We also offer our customers a range of World-class backup-power systems and other hardware that ...

Electrilabs entered the solar market as a PV Solar Power Energy Supplier back in 2012 when this technology was emerging strongly in Europe. Turn-key solar systems have been developed and exported as far as the Democratic ...

The MultiPlus II 5000VA is a powerful true sine wave inverter, a sophisticated battery charger that features adaptive charge technology and a high-speed AC transfer switch in a single compact enclosure. Unique PowerAssist Feature - The MultiPlus will prevent overload of a limited AC source. Virtually unlimited power thanks to parallel operation - Up to 6 Multis can operate in ...

Electrilabs On-Line store. Electrilabs On-Line store. top of page. Home. Products. UPS. Data Centers. Solar Power Products. Batteries. Services. UPS & Backup Power (AC) Solar Power Solutions. Electrical Installation, Repair & CoC. Field ...

Electrilabs has qualified field service and workshop engineers based in Midrand, South Africa, and also have various strategic and BEE partners throughout South Africa. The company has initially been of service to mainly the Industrial, ...

The Fronius Primo in power categories from 3.0 to 8.2 kW perfectly completes the SnapINverter

Electrilabs co za Fiji

generation. This single-phase, transformerless device is the ideal inverter for private households. Its innovative SuperFlex Design provides maximum flexibility in system design, while the SnapINverter mounting system makes installation and maintenance easier than ever ...

Electrilabs (Pty) Ltd. | 64 followers on LinkedIn. Electrilabs is a fully-fledged Turn-Key Solutions Provider of all forms of Backup Energy. | Electrilabs was established 20+ years ago in South Africa with our initial focus being UPS service and maintenance. Our company gradually evolved into a fully-fledged Turn-Key Solutions Provider focused on the design, integration, installation ...

Our Technicians are trained and qualified to repair various makes of UPS"s. Carry-in repairs are done at our workshop in Midrand, South Africa. Faulty units are diagnosed, repaired and then placed under strain to ensure that it will be working perfectly once leaving our workshops.

GP 12120 is a general purpose battery up to 5 years in standby service or more than 260 cycles at 100% discharge in cycle service. As with all CSB batteries, all are rechargeable, highly efficient, leak proof and maintenance free. 5 Year ...

HR 1234W (9AH) is specially designed for high efficient discharge application. Its characteristics are high energy density, small footprint and high discharge efficiency. It can be used for more than 260 cycles at 100% discharge in cycle service. Up to 5 years in standby service.

Extended-run battery systems provide flexible runtime to critical Smart-UPS applications. NOTE: Electrilabs can Repack your existing Battery Modules/Catridges with new high performance CSB batteries for the fraction of the price. Best quality. Quick service. APC Smart-UPS RT 192V Battery Pack Includes: Installation guide, User manual Warranty 2 Years

This 5KVA system makes provision for self-sufficiency with minimal need of utility power is equipped with a 100A/250VDC MPPT Victron Charge Controller and 10KW/h Sunniva Lithium batteries combined with a 5KVA Victron Power Plus ...

Electrilabs focuses on UPS Service and Repairs, Electrical Infrastructure, Generator and Air Conditioning. We also Supply, Install, Commission, Repair and Service these technologies for the past 25+years.

As part of our Electrical Power Backup solutions do we offer Diesel Generators from 10KVA to 1MVA. Generators are usually essential to sustain UPS Battery Backup Power Supplies, hence it being part of our product portfolio.
