The Eswatini Energy Regulatory Authority (hereinafter "ESERA"), is a statutory Energy Regulatory Body established through the Energy Regulatory Act, 2007 (Act No.2 of 2007). The Mandate of SERA is the

administration of Electricity Act, 2007 (Act No.3 of 2007) and

The Eswatini Rail Link Project is a Strategic Joint Inter-Railway Initiative between the two State Owned railway entities of Republic of South Africa and the Kingdom of Eswatini that will provide a strategic rail link for both countries with the two major East Coast ports of Richards Bay and Maputo. The project will promote intra [...]

The government of Eswatini has demonstrated a strong commitment to the project, thus allocating E550 million for relocation exercises, with the first phase nearing completion at a cost of E270 million, fully financed by the government. This investment is seen as a critical step towards stimulating Eswatini's economy, which is anticipated to ...

Eswatini Railways provides transport services for import and export commodities including transit cargo linking Eswatini's industrial centres to the railway systems of South Africa, Mozambique and other SADC countries that trade with overseas markets. Eswatini Railways owns, operates and maintains the infrastructure and rolling stock of the 301km rail network.

The changes are driven by Eswatini's desire to improve energy security, access to reliable, adequate, and affordable electricity, and the mitigation of potential detrimental impacts on the environment because of the growing energy demand. The Eswatini Electricity Company (EEC), a state-owned power utility, owns and operates four hydro power ...

The EU Green Power Transformation Forum 2023 took place earlier this week in Mbabane, Eswatini. The event had been arranged by the European Union (EU) Delegation to Eswatini, the Alliance for Rural Electrification (ARE), GET vest, and GET.transform with co-hosting support from Business Eswatini (BE) and the Renewable Energy Association of ...
