

Which home power stations are compatible with hagerenergy ID models?

Boman adds, "This will be one of the biggest changes in the energy market." In this first version, the ID models are compatible only with the V2H DC home power station of the S10 E COMPACT series offered by HagerEnergy GmbH. In the future, other home power stations will be enabled for operation with a bidirectional charging station (wallbox).

Does hagerenergy e3/dc work with Volkswagen ID series?

"It is the first system of E3/DC by HagerEnergy working with Volkswagen ID Series with 77kWh, and enabled by IoTecha smart charging technology." ISO/IEC 15118 standard-based communication is a key component of IoTecha's Combined Charging System on Module (CCSoM) controllers, and it enables V2G/V2H capabilities.

Who is IoTecha & Hager energy?

Model CRANBURY, NJ, UNITED STATES, December 12, 2023 -- IoTecha, provider of industry-leading Smart Charging platform for electric vehicles (EVs), and Hager Energy have a longstanding collaboration to develop innovative and market-disruptive charging products.

Will Hager Group EVCs be able to master charging software technology?

All of this depends on highly sophisticated systems talking to each other and our key challenge is to master charging software technology for Hager Group EVCS products worldwide. We are well on our way, having run a successful project with Audi in 2020, using a specially designed e-tron model.

Will the new Volkswagen ID be compatible with the hagerenergy S10 E compact?

Volkswagen joined the project in April 2021, and now the estate is set to undergo a radical transformation. Boman adds, "This will be one of the biggest changes in the energy market." In this first version, the ID models are compatible only with the V2H DC home power station of the S10 E COMPACT series offered by HagerEnergy GmbH.
