Will gas be a part of Guernsey's net zero future?

Gas will continue to have a place in the energy mix as it is vital for the success of our island's energy transition - and we plan to be a big part of Guernsey's Net Zero future so we can continue to provide energy for every generation. Guernsey Energy has been providing energy for every generation for almost 200 years.

Who is Guernsey Gas Light Company Limited?

The Guernsey Gas Light Company Limited was formed. Gas was used in local homes, proving to be a safe and cost-effective fuel for heating, cooking and hot water. All local gas was generated from coal at production plants in St Peter Port. It was decided to manufacture mains gas from Liquefied Petroleum Gas (LPG) Butane and Propane.
