

Hong Kong onera systems

Where is Intrinsic-ID (a.k.a. ONERA) based?

Intrinsic-ID (also known as ONERA), is based in the Netherlands. It is a leading digital authentication company for IoT and embedded applications in the world. They leverage manufacturing variations in semiconductors to create unique IDs and keys to authenticate data, devices, chips, and systems.

Does ONERA have a 510(k) clearance?

Onera has received 510 (k) clearance from the US Food and Drug Administration (FDA) for its innovative patch-based system for sleep studies, Onera STS. Onera has received 510 (k) clearance from the US Food and Drug Administration (FDA) for its innovative patch-based system for sleep studies, Onera STS (Photo: Business Wire)

What does FDA clearance mean for ONERA?

The FDA determined that Onera's product was substantially equivalent to a system widely used in today's in-lab PSG studies, marketed by the medical device manufacturer Natus Medical Inc. "Achieving FDA clearance is an exciting and critical milestone to our commitment to helping our customers deliver better access to care for their patients"

What is the ONERA sleep test system?

The service is based on the companies' CE-marked and FDA-cleared Onera Sleep Test System and the Onera Digital Health Platform. It allows sleep professionals to conduct sleep studies at the comfort of the patients' home while maintaining clinical-grade quality as with in-lab diagnostics.

What is ONERA STS patch based product?

Onera STS patch-based product, in combination with Onera's Digital Health Platform, supports the company's PSG end-to-end service that enables and simplifies clinical-grade sleep studies with no upfront investment at a fixed fee per test.

What is ONERA's clinical-grade technology?

Onera's clinical-grade technology is a huge step forward in transforming the outdated, cumbersome, and expensive process of traditional sleep testing, which is partly responsible for the underdiagnosis of sleep disorders.

A. Introduction Stepping into the third decade after the resumption of sovereignty over Hong Kong by the People's Republic of China ("PRC"), the life of the Hong Kong Basic Law Footnote 3 in a changing time seems to remind us of the opening of Dickens's Tale of Two Cities: "[T]he spring of hope and the winter of despair." Footnote 4 Perceptions of Hong Kong's future lie in a ...
