

How to apply quota to photovoltaic support foundation

Should you apply for a solar panel grant?

By applying for a solar panel grant, you could receive heavily discounted or even free solar panels, resulting in annual energy bill savings upwards of £1,040. We recently conducted a survey of over 1,540 Independent readers who own solar panels* to understand how they made the most of the solar panel funding available to them.

Are UK government grants available to reduce solar panel costs?

A detailed look at UK government grants available to reduce solar panel costs. Solar panels are becoming an increasingly common option for UK households, giving people the option to produce their own green energy. One issue that many people face, however, is the price of solar panels and organising installation.

Who can apply for the ECO4 grants for solar panels?

You can apply for the ECO4 grants for solar panels if you're in receipt of benefits and if you own your home, or have permission to install solar panels from your landlord if you are renting. Full eligibility criteria can be found on the ECO4 website.

What if I don't qualify for a solar panel grant?

If you don't qualify for any solar panel grants, there's another way to start benefiting from solar electricity with no upfront cost. Sunsave Plus, the UK's first solar subscription, will provide you with best-in-class kit, all in one easy solar & battery package that comes with a 20-year Sunsave Guarantee.
