

How to pay taxes on electricity bills for installing photovoltaic panels

Do I have to pay tax on solar panels?

Normally, you won't get charged VAT or income tax on this payment if you produce electricity primarily for your own home. However, for businesses and commercial properties, the money made from solar panels, including feed-in tariffs, might be subject to taxes.

How do solar panels affect my electricity bill?

How do solar panels affect your electricity bill? Solar panels will reduce the amount of energy used on your electricity bill. Your electricity supplier won't tell you how much solar energy you've used in any given month - the overall amount of electricity you've used will simply go down.

Do you pay tax on solar roofs?

Companies that invest in solar roofs or other setups will only pay corporation tax on their profits minus half of the value of the equipment installed, deducted through capital allowance. For example, if a business invests £300,000 in installing a solar power system, it will be entitled to a 50% capital tax allowance of £150,000.

How are solar panels taxed in the UK?

The way solar panel income is taxed in the UK varies based on installation and usage. If you have a domestic installation and are signed up to an export tariff (e.g. like the Smart Export Guarantee), you'll get paid for the surplus electricity you send back to the grid.

What is a solar tax break & how does it work?

The tax break that came into effect on 1st April 2021 means businesses can deduct 130% of the cost of solar equipment and installation from their taxable profits. In layperson's terms, this means that for every £1 a company invests in solar energy, they can reduce their tax bill by up to 25p.

Are solar panels VAT free?

Whether you're buying a standalone solar battery or getting a battery installed with a solar panel system, you'll benefit from the 0% VAT rate. This rule changed in February 2024 to include standalone storage batteries at the 0% VAT, regardless of whether you're getting solar panels at the same time. Is there VAT on solar panel income?
