never have been an employee, worker, director, owner, contractor, or any part of the organisation A Shade Greener Ltd, its associated and affiliated companies or their solicitors and that you have no internal links to A Shade Greener Ltd, its associated and ...

Renewable energy generator "A Shade Greener" (ASG) is the first of an expected many companies to offer free solar photovoltaic installations to residents in the UK. The company, which is based in South Yorkshire, started up in October 2009 with the aim of installing 2,000 PV systems on residential rooftops in select regions, however, since ...

I have had my Solar Panels from A Shade Greener since December 2012, I was told by the company that I would get FREE electricity during DAY LIGHT hours, giving me a saving of around a third of my electricity bill. NO such luck. I had a very bad time around the end of 2012 and the middle of 2013, poor health, Heart related.

Solar PV installer A Shade Greener (ASG) has secured three loan facilities worth £155 million to refinance its portfolio of commercial and residential solar projects. ASG will receive the loans from Macquarie Infrastructure Debt Investment Solutions (MIDIS), allowing it to continue with its business model of installing solar panels onto ...

I contacted A Shade Greener, they explained everything I needed to know in a clear, simple, professional manner. They were quick to respond to email enquiries when I needed clarification. All my concerns were dealt with promptly, a huge relief! Date of experience: 21 November 2024.

Introduction. Last week I wrote about solar panel installer A Shade Greener (ASG), and then followed up with a post about some of the legal tactics they use (amounting to SLAPPs), by their in-house solicitor Gary Anderson - or "general counsel" as he prefers to be called.. Anderson's employment at A Shade Greener was terminated when the Solicitors Regulatory Authority ...

We have developed courses and qualifications at all levels of Green Skills, to upskill organisations from the top down and the bottom up.. Our programmes are tried and tested in many countries and are proven to deliver lasting results, our ESG Leader programme is certified by UPEACE University (UN mandate).

Over the past couple of years, Hungary's capital has been going greener and greener. There are many similar movements, like Green Guide Budapest, that try and help change people's lifestyle to become more eco ...
