

Introduction and products of LONGi photovoltaic panels

LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy transition. By offering high-quality, reliable products and systems, we provide ...

18th June, 2024 -- LONGi Solar is shipping the first commercial order globally of its new Hi-MO 9 solar module to France. LONGi France's customer will install 16MW capacity of modules in a ...

Photovoltaic panels 600W - Longi Hi-MO 6 Scientist LR5-72HTH 580-600M-V03 DG Longi Hi-MO 6 Scientist LR5-72HTH 580-600M-V03 DG is a high-efficiency photovoltaic panel designed for ...

Longi Solar is a leading manufacturer of reliable, technologically advanced, value-based monocrystalline solar panels. Established in 2000, the company is headquartered in China; where they continually ...

LONGi produces a wide variety of quality, cost-effective solar panels for residential, commercial and utility-scale solar installations. The current models are the Hi-MO 4 and Hi-MO 5 series, with the new advanced Hi-MO 6 ...

In Pakistan, various power companies and distributors offer solar panels, but Longi stands out due to its technological advancements, reliability, and proven track record in delivering efficient solar solutions. ...

Introduction: The goal is sustainable living and lower carbon footprints. Solar energy is a realistic and popular option for homeowners worldwide. There are many options available. But, Longi Solar panels stand ...

LONGi Solar was founded in February 2000 as Xi'an LONGi Silicon Materials Corporation. The company's initial focus was on the development and production of single crystal (mono) silicon wafers that are used in many of major solar ...
