What is Talesun Solar Panels?

TALESUN Solar Panels is a subsidiary of the Zhongli group, created in 2010. Its headquarters and production factories are located in China.

Where is talesun solar made?

It is a subsidiary of the Zhongli group, created in 1988. The TALESUN Solar headquarters and one of its production factories are located in China. Since 2016, we have been part of the TOP 10 TIER 1 Bloomberg, a highly renowned ranking on the PV market of the largest manufacturers of photovoltaic modules in the world.

Are talesun solar panels a good investment?

Talesun's regular monocrystalline panels promise to give 84.8% of their starting power at the end of 25 years. This is pretty much what other affordable solar panels offer. Recognized as Tier 1 by Bloomberg, indicating financial strength. Controls the entire process of making solar panels, from start to finish.

Does talesun offer a warranty?

Talesun offers a standard warranty that covers 25 years for performance and between 10-12 years for the product, based on which model you have. This is about the same as other popular panel companies. However, a warranty's real worth goes beyond just the years it covers.

Which solar panel company is best?

Solar panel companies choose to join these tests and pay for it. These tests are known around the world and show how well a solar panel works. Right now, Talesun Solar Panels are among the best in PV Evolution Labs' tests. They've done well in all 6 tests in the 2023 report.

What is a Bistar solar panel?

The BISTAR series panels use monocrystalline PERC half-cut solar cells. They come in different sizes. The smaller 60-cell one (360 watts) is great for homes. The bigger 78-cell one (670 watts) is used for big projects. These panels can turn up to 21.6% of sunlight into power, which is pretty impressive in 2023. What's cool about the BISTAR series?

About Talesun Solar Talesun Solar, a wholly owned subsidiary of Zhongli Group, was founded in 2010. Through more than 10 years of innovation and development, it has become a world-leading photovoltaic manufacturer, Tier 1 module supplier in Bloomberg Ranking, one of China's leading photovoltaic power station developers, and a first-class leading enterprise among China's ...

Talesun TP660P-235 Panel. Talesun is a Chinese Tier 1 solar panel manufacturer and uses components imported from Japan, Italy, and Germany. The Talesun TP660P-235 is a 235-watt, 60-cell polycrystalline pane with an efficiency of 14.5%. The panel comes with a 10-years product warranty and a 25-years linear
