**Air Source Heat Pumps** A highly recommended heat pump manufacturer and popular choice with our customers is Mitsubishi. For a typical 3 or 4 bedroom property in the Isle of Man we would install a heat pump out of their EcoDan range, an 11.2kw Ashp complete with a 200L cylinder would cost approximately £12,500, this includes installing and decommissioning of existing ...

**2. Peel Castle.** Peel Castle, perched on St Patrick's Isle, is a must-see on the Isle of Man. This ancient fortress is a tapestry of history, legends, and breathtaking views. Built by Vikings in the 11th century, the castle has seen numerous transformations and has stories etched into every stone.

Douglas council is to start producing its own sustainable solar energy. The local authority has approved funding for a solar farm to power some of its facilities. The generation facility would be built in Braddan and have a life span of around 20 years. It's thought the savings will mean it'll effectively pay for itself within five to seven years.
