

Ivory Coast solar system top companies

Which companies are developing solar power plants in Ivory Coast?

The Egyptian company Elsewedy Electric is also among the potential developers of the Laboa and Touba solar plants. The same goes for Infinity Power Holding and Nareva Holding, the subsidiary of the Moroccan group Al Mada. The selected IPPs will build solar power plants capable of delivering 60 MWp to the national grid in Ivory Coast.

Will IPPs build solar power plants in Ivory Coast?

The selected IPPs will build solar power plants capable of delivering 60 MWp to the national grid in Ivory Coast. The solar plants are being built under the "Scaling Solar" program, an IFC initiative to leverage public-private partnerships (PPPs) for the rapid construction of solar power plants in developing countries, particularly in Africa.

What is the topography of Abidjan & Ivory Coast?

The topography around Abidjan, Ivory Coast is generally flat with some rolling hills. The nearby areas that would be most suited to large-scale solar PV projects would be the coastal plains and open fields, as they provide plenty of open space for the installation of solar panels and other equipment.
