Libya Backslides as Two Governments Vie for Power, Again Anna L. Jacobs Feb 28, 2022. Since the postponing of Libya's presidential election, political uncertainty and institutional divisions have intensified, making it more difficult to hold elections in the future and increasing concerns of a return to armed conflict.

4 ???; These efforts are part of a broader government strategy to modernize Libya's power infrastructure, enhance generation capacity and reduce the nation's power production deficit. ...

The Libya Energy & Economic Summit returns to Tripoli on November 22-23, 2022. After a successful inaugural event in 2021 in partnership with the Office of the Prime Minister, Ministry of Oil and Gas, and National Oil Corporation of Libya, Energy Capital & Power expands this critical hybrid forum in its second year.

The agreements with the large oil companies and the new wells to be activated, which should bring production to two million barrels per day as announced by the president of the National Oil Corporation (NOC), Farhat Bengdara, clash with the reality of a still unstable political framework. The latest blockade of oil production, one of many that have marked Libya's recent ...
