"In August 2024, Equatorial Guinea signed a bilateral agreement with Nigeria to jointly construct the Gulf of Guinea Gas Pipeline Project to supply gas feedstock to the Gas Mega Hub". The hub's output can also provide in-country poverty relief and climate improvement -- propelling economic growth and providing fuel for clean cooking.

If we combine these with already producing wells, the future of Equatorial Guinea's energy sector is bright. We plan to maximise the Gas Mega Hub to unlock the region's massive gas reserves which remain stranded. The finalization of our new hydrocarbon law this year will also bring new investors into the country. With the demand for energy ...
