

Malta outdoor solar panel

Are solar panels a good investment in Malta?

We can't stress enough how good of an investment home and commercial solar systems are in Malta. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills.

Why should you choose SunPower solar panels in Malta?

SunPower solar panels in Malta are the best in Malta and the world. They can help you reduce your electricity bills and carbon footprint while providing a sustainable lifestyle for years to come.

Who owns the Solar Grid in Malta?

In Malta the grid belongs to Enemalta Corporation. The Kyocera /Hyundai /JA Solar photovoltaic panels are installed on the roof and produce high voltage DC current. This is fed into an SMA/SolarEdge/Huawei inverter which stabilises the voltage and current, then changes it into AC current at 230V, suitable for Malta's supply.

Which solar panels do you use at Panta?

At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

How does Panta support my solar system?

From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution. Under certain conditions, you may also be eligible for a government subsidy when purchasing a solar electricity generation system.

Which solar panels are best for your roof?

The products and technologies that are now on the market are miles ahead of where they were a couple of years ago. At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters.
