One of the easiest ways to improve travel photos is shooting in better light, and the best light is often in the hour after sunrise and before sunset. That's because the light takes on a warm golden hue and hits the subject from the side instead of the top. It's difficult to recreate the grandeur of a vast landscape in the confines of a picture frame.

Many years ago, I worked for my parents who own a video production company. Because it is a family business, you inevitably end up wearing many hats and being the czar of many different jobs. I mainly managed projects and worked as a video editor. On production, there were times that I was called on to work as an audio tech and was made to wear headphones ...

Last year I wrote about why booking too far in advance can be dangerous for your business, and this concept of margin so eloquently captures what I had recognized had been my problem: I was so booked up with clients that I wasn't leaving any margin for error, growth, planning, or reflection.

01. Wake up at the same time every day. Naturally, my first impression of these headphones is based off of the look of them. They have a classic over-the-ear style that is highlighted by a blue LED light that indicates the power for the noise canceling. The padding on the ear pieces seems adequate for extended usage periods.
