Solar PV, battery storage hybrid plants to be built in Mauritius. Earlier this year, the Indian Island nation said it had entered into a \$163 million power purchase agreement which will see four solar PV and battery storage hybrid facilities built in 2024.

The Prosumers will secure a 20 years revenue stream for their solar PV projects; a worthy financial risk mitigation security for their respective RE projects. The Prosumers' solar PV systems will be supported by CEB grid to stabilize the intermittent power generation of the solar PV systems; hence no investment for energy storage system.
