

Micronesia best solar panels

Will Pohnpei get a 5 MW solar power farm?

PEPP's proposed \$20 million 5 MW solar power farm for Pohnpei would help to establish the Federated States of Micronesia as a world trendsetter in the application of renewable energy. It would give the FSM greater energy independence.

How much does a solar project cost in Pohnpei?

After just 15 years, the entire project, capitalized at over \$20 million, will transfer, without cost, to the State of Pohnpei, providing it with many more years of free renewable energy using the best solar technology. The solar project in Pohnpei is a concept that can be replicated by other Small Island Developing States.

What kind of inverter does GoSolar use?

GoSolar uses high efficiency low cost \$/watt micro-inverters by NEP(TM). Founded in 2010 in Silicon Valley California, NEP(TM) engineers and produces competitively priced high-quality micro inverters. In fact, the NEP(TM) micro inverter is the only certified and commercially available micro inverter in Japan.
