

Does Montenegro have a national energy and climate plan?

Montenegro is still finalizing its draft National Energy and Climate Plan (NECP). Montenegro has not defined the 2030 climate target in its national legislation, nor in the draft NECP. It should align with the 2030 targets set by the Energy Community. There is a legal basis for the national inventory system.

Does Montenegro have an energy efficient home?

In 2023, the project Energy Efficient Home continued to support households to purchase heat pumps with interest-free loans. Montenegro is still finalizing its draft NECP, which must harmonize the 2030 energy efficiency targets with the 2030 targets set by the Energy Community.

Can Montenegro produce oil and gas?

Montenegro does not have the necessary technology or experience to produce oil or gas. Additionally, successful energy exploration must consider the environmental impact of operations, as coastal tourism is a significant contributor to the country's revenues.

Which energy projects have been subjected to an EIA in Montenegro?

Montenegro has not provided a list of energy projects that underwent screening and were subjected to an EIA. The development of the EIA, which should include an appropriate assessment for the Komarnica hydropower project, located within a candidate Emerald Site and the Dragi?nica and Komarnica Nature Park, was delayed.

Does Montenegro have a gas market?

Montenegro does not have a gas market. REMIT Regulation (EU) 1227/2011 is in place. Despite the non-existing gas market, Montenegro adopted the supply rules for natural gas. Initially scheduled for 2019, the adoption of the new Law on Cross-Border Energy Infrastructure projects, intended to transpose Regulation (EU) 347/2013 is pending.

Does Montenegro have hydro power plants?

Montenegro has the potential to develop additional hydro power plants given its abundance of rivers and streams, as mentioned in the Agreement of the Electro-Energetic Community for Southeastern Europe signed on January 1, 2015. The country's energy market was opened to competitors.
