What does netsolar do?

Netsolar Incorporated is a renewable energy and sustainable solutions company that designs, installs, and maintains photovoltaic systems, which convert sunlight into electricity. Typically focus on residential, commercial, and industrial clients, and provide services such as system design, installation, monitoring, and maintenance.

How do I apply for a job at netsolar Philippines?

To apply, please send your resume and cover letter to hr@netsolar.com.ph. Join us in our mission to promote safety and quality in solar energy projects! Exciting news! Our new generation power optimizer S1400 is about to take the stage in the Southeast Asia.

How many solar projects in Lisbon?

1.35GW of local solar projects identified through co-development partnership Lisbon: Lightsource bp, a 50:50 joint venture with bp and a global leader in solar development announces today that it has entered into a co-development partnership with local company INSUN for five utility-scale solar projects.

Why should you choose netsolar?

NetSolar is here to deliver clean energy solutions that will set your houses and development apart. Today's home buyers are now interested in houses that come pre-installed with energy-efficient systems. With solar, we can help them secure an electricity rate for the next 20 years no matter how much traditional utility rates go up.

Is solar a good investment for Portugal?

Miguel Lobo, Country Head Portugal for Lightsource bp comments: "Solar is ideally placed to meet Portugal's rapid expansion plans on growing its local renewable energy generation capacity as it has excellent irradiation levels, it is quick to deploy, and low-cost.
