Does the Tesla Powerwall work with Octopus Energy?

The newest edition of the Tesla Powerwall is now available for installation with Octopus Energy. Just like our standard battery options, it pairs seamlessly with your PV panels to store energy when the sun shines, whilst boasting premium features that could provide greater longevity.

Is octopus cheaper than a gas boiler?

Any concern about being more expensive to maintain and engineers being difficult to find is moot if you get it through Octopus. British Gas's annual service plans start at £163, whereas the Octopus one is £93. So if anything, servicing the heat pump is going to be cheaper than a gas boiler.

Are octopus heatpumps good?

Some are better for the environment. Octopus are installing at scale (last time I spoke to somebody there, they're doing 60+ installs a week, and accelerating), so they need reliable, tried and tested kit. R290 heatpumps are amongst the newer ones, and maybe Octopus doesn't want the risk of something bleeding edge.
