

How to choose a solar box?

Choose the WM4 C connection for the ready-to-use box and reduce your operation time significantly. The other option is to choose cable glands and do your individual cabling. For many solar engineers it is important to have a switch on the box. In other regions it is not necessary. Your choice!

What is a PV next combiner box?

Our flexible and compact PV Next combiner box was awarded the German Design Award 2023 in Gold. The modular design, the safe thermal and mechanical functionality of all components and the flexible connection types are just some of the advantages that make installation, maintenance and monitoring with PV Next easy.

How does PV next protect the PV system?

PV Next protects the PV system against overvoltages and short circuits and also offers the option of combining strings. The various designs are done to protect all string inverters available in the European market. Find the matching combiner box for the most common inverter types below or find more variants in our Combiner Box Product Selector.

What is PV next?

PV Next is the first combiner box worldwide based on a standardised printed circuit board design. The standardised concept leads to learning effects for the installer. Customizing is not necessary and project times are shortened. Easy. Fast. And safe. Weidmüller PV solutions for rooftop installations - our contribution and offering at a glance.

What are the advantages of PV-next cabling?

For example, a switch can be integrated or a second MPPT can be connected directly to the first PCB. With the PUSH IN connection technology, PV-Next offers the most straightforward and safest connection concept for cabling. The installation can be carried out without crimping and without special tools.

What makes PV-next a unique PCB design?

The unique PCB design allows quick and easy integration of additional functions. For example, a switch can be integrated or a second MPPT can be connected directly to the first PCB. With the PUSH IN connection technology, PV-Next offers the most straightforward and safest connection concept for cabling.

4 Ways photovoltaic combiner box with fused terminals and LED indicators, IP65 waterproof box for outdoor use. The combiner box is designed for straight in/out connections of up to 4 strings of solar panels. The current rating of each string ...

Home / Products / EPE pearl cotton sheet / EPE pearl cotton sheet. EPE Package. EPE pearl cotton bag. POF

shrink film bag. PP hollow board. Photovoltaic packaging box. Photovoltaic ...

Hollow plate product features: With non-toxic, tasteless, environmental pollution-free; Moisture-proof, corrosion-resistant; Light weight, tensile resistance, high strength performance. The ...

PP hollow board. Photovoltaic packaging box. Photovoltaic packaging box. Plastic hoarding box. ... EPE pearl cotton sheet. EPE buffer material (EPE) use: 1. ... cotton sheet... POF shrink film ...

Home / Products / EPE Package / EPE pearl cotton coil. ... PP hollow board. Photovoltaic packaging box. Photovoltaic packaging box. Plastic hoarding box. Paper corner. Carton. EPE ...

Anti-static hollow board box, plastic hollow board box is a new type of packaging material, made of PP drawn pellets and anti-static material, non-toxic, odorless, moisture-proof, corrosion ...

Home / Products / EPE pearl cotton sheet / EPE pearl cotton sheet. ... PP hollow board. Photovoltaic packaging box. Photovoltaic packaging box. Plastic hoarding box. Paper corner. ...

Home / Products / EPE Package / EPE pearl cotton sheet. ... PP hollow board. Photovoltaic packaging box. Photovoltaic packaging box. Plastic hoarding box. Paper corner. Carton. EPE ...

Home / Products / EPE Package / EPE pearl cotton sheet. EPE Package. EPE pearl cotton bag. POF shrink film bag. PP hollow board. Photovoltaic packaging box. Photovoltaic packaging ...

EPE pearl cotton can be used in electronic appliances, instrumentation, computers, audio, medical equipment, industrial control cabinets, lighting, handicrafts, glass, ceramics, home ...

Zhejiang Jiahong Plastic Technology Co., Ltd. is located at No. 3 Jiangchao Road, Dingqiao Town, Haining City, Zhejiang Province. EPE A company specializing in the production and processing of pearl cotton, hollow panels, ...
