

Description. Custom designed to deliver power to network devices such as Optical Network Terminals (ONT), the PS1236PB-L leads the charge as the most effective and efficient choice to protect and power residential Optical Network Terminals and, in addition, provides a very short-term battery backup for brown out and short power outages to help prevent devices from ...

The Eagle PowerTec power supply reduces burn time and electrode wear without sacrificing accuracy. The Gantry Eagle 1400 uses the Eagle PowerTec power supply with the world's first Adaptive Current-Shape generator. Each discharge pulse calculates and creates the ideal current shape to meet the exact discharge requirements at that moment.
