

# Puerto Rico solar panels storage

What is the Puerto Rico solar access program?

The Solar Access Program is funded by the U.S. Department of Energy's Puerto Rico Energy Resilience Fund. For far too long, Puerto Ricans have lived with an unreliable and expensive electric system.

Does Puerto Rico need energy storage solutions?

"Isolated from typical supply lines, Puerto Rico needs solutions that reduce electricity costs, improve grid reliability, and accelerate renewable energy deployment," says DEPCOM Director of Energy Storage Nadja Gocsek.

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

What is the Puerto Rico energy Resilience Fund?

This program, funded through the Puerto Rico Energy Resilience Fund, will provide solar panels and battery storage systems to low-income households in Puerto Rico with zero upfront costs, as well as education and support on how to use and maintain the systems.

How do I contact a solar ambassador in Puerto Rico?

Call 1 (833) 822-8628, text "Solar" to 40649, or email [PuertoRicoGDO@hq.doe.gov](mailto:PuertoRicoGDO@hq.doe.gov). Find your solar ambassador in Puerto Rico.

How do I apply for subsidized solar panels & battery storage?

If you have any questions, please call 1 (833) 822-8628, text "Solar" to 40649, or email us at [PuertoRicoGDO@hq.doe.gov](mailto:PuertoRicoGDO@hq.doe.gov). How do you enroll for subsidized solar panels and battery storage on your home? Step 1: Check if you are eligible. Step 2: Collect the required documentation for your application. Step 3: Contact your local Solar Ambassador.

This program, funded through the Puerto Rico Energy Resilience Fund, will provide solar panels and battery storage systems to low-income households in Puerto Rico with zero upfront costs, as well as education and support on how ...

6 ????&#0183; The U.S. Dept. of Energy will provide up to \$365 million to four teams building solar and battery energy storage systems at multi-family housing properties and community health care facilities in ...

To further assist Puerto Rico's energy resilience and clean energy goals, DOE today announced that on February 22, 2024, residents can apply for DOE's Programa Acceso Solar (Solar Access Program) -- a
