

Die RENAC POWER N3 HV-Serie ist ein dreiphasiger Hochspannungs-Energiespeicher-Wechselrichter. Um den Eigenverbrauch zu maximieren und Energieunabhängigkeit zu erreichen, ist eine intelligente Steuerung des Energiemanagements erforderlich. Zusammen mit PV und Batterie in der Cloud für VPP-Lösungen ermöglicht es neue Netzdienste.

RENAC Power est l'un des principaux fabricants d'onduleurs sur le marché, de systèmes de stockage d'énergie et un développeur de solutions énergétiques intelligentes. Notre expérience s'étend sur plus de 10 ans et couvre l'ensemble de la chaîne de valeur. Notre équipe dédiée de recherche et développement joue un rôle central dans la ...

RENAC R1 Moto Series inverter fully meets the market's demand for high-power single-phase residential models. It is suitable for rural houses and urban villas with larger roof areas. They can substitute to install two or more low power single-phase inverters. While ensuring the revenue of power generation, the system cost can be greatly reduced.

A série RENAC POWER N3 HV um inversor trifásico de armazenamento de energia de alta tensão. É necessário um controle inteligente do gerenciamento de energia para maximizar o autoconsumo e alcançar a independência energética. Agregado com energia fotovoltaica e bateria na nuvem para soluções VPP, permite novos serviços de rede.

RENAC Power è un produttore leader di inverter su rete, sistemi di accumulo dell'energia e sviluppatore di soluzioni energetiche intelligenti. Il nostro track record abbraccia oltre 10 anni e copre l'intera catena del valore. Il nostro team dedicato di ricerca e sviluppo svolge un ruolo fondamentale nella struttura aziendale e i nostri ...

RENAC Power jest wiodącym producentem falowników sieciowych, systemów magazynowania energii i tworzenia inteligentnych rozwiązań energetycznych. Nasze doświadczenie obejmuje ponad 10 lat i obejmuje całe zakresy wartości. Nasz oddany zespół badawczo-rozwojowy odgrywa kluczową rolę w strukturze firmy, a nasi inżynierowie nieustannie ...

Client Name: Renac Power Technology Co., Ltd. Client Address: Block C-12, No. 20 Datong Road, Comprehensive Bonded Zone, Suzhou Hi-Tech District, Suzhou, China Sample Name: TB-H3-9.5 Client Ref. Information: TB-H3-7.1, TB-H3-9.5 The above sample(s) and information were provided by the client.

Case Study: A villa in Turin, Italy with a 6 KW/44.9 kWh system installed drives to zero-carbon living with RENAC POWER ESS. Recently, one 6 KW/44.9 kWh residential energy storage project powered by RENAC POWER was successfully connected to the grid. It happens in a villa in Turin, the Automobile Capital city in
