

Rezolv energy s r o Mozambique

Who is rezolv energy?

Rezolv is a highly experienced, independent renewable energy producer. 2024 Rezolv Energy. All rights reserved Rezolv is a highly experienced, independent renewable energy producer building a multi-gigawatt portfolio including wind, solar and battery storage that delivers clean energy across Central and South Eastern Europe.

What is rezolv & how does it work?

Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies. It will take renewable energy projects from late-stage development through construction and into long-term operation.

What is Actis rezolv energy?

In July 2022, Actis announced the launch of Rezolv Energy, an independent clean energy power producer, established to build a new era of sustainable power in Central and South Eastern Europe.

What makes rezolv energy unique?

We already have over 2GW of clean energy being prepared for construction across across four sites in Romania and Bulgaria, and a strong pipeline of projects in development across several countries. At Rezolv Energy our values are the essence of our identity, guiding our actions and driving our commitment to a clean energy future.

What makes rezolv unique?

Rezolv is built on 15 years of clean energy heritage in the region. Its leadership team previously developed the largest wind farm at the time in both Croatia and the Czech Republic, and the largest independent wind farm in Romania.

Will rezolv be able to build a wind power plant?

At launch, Rezolv has signed agreements to acquire development rights to two wind projects in the Central and South Eastern Europe region, with a combined capacity of 1GW. Construction contracts are expected to be awarded early next year, with the projects expected to be operational by 2025-26.
