simply applied to French Guiana. The "Amazon" sav-annas of French Guiana in fact fall within the Guiana Shield, a region that is distinct from the Amazon Basin because its rivers flow directly into the Atlantic (Hammond, 2005), and furthermore, French Guiana as a whole represents a center of plant endemism in South America (Prance, 1996).

Off-grid solar power packs are an ideal solution for areas having no electricity supply. These self-sustaining solar powered panels can provide clean energy for residential homes and small commercial units and reduce their dependence on DG sets, thereby saving fuel costs. The off grid system can be customized as per the user requirements. ...
