To add to OPs response, the solar club allows you to change your electricity rate during the year, between a "winter" rate (I'm at 6c) and a "summer" rate (25c for me). The winter rate, when home solar isn't producing much is straight forward, we all want to pay as little as possible for electricity. The summer rate is where it gets interesting.

We are also Solar Club members and the program is amazing. Make sure to check it out. George Singer . May 1, 2024. Great company to work with,solar club has works good for us. Jim Boudreau .
