Will a solar farm help the island's long-term energy needs?

The firm is now asking for feedback on the proposals before formal plans are submitted. Stephen Snowdon, from the renewable energy company, said the solar farm would help the island "to take control over its long-term energy needs".

Will 84 acre solar farm be built in Malew?

The proposed 84-acre development in the south of the island would generate enough electricity to power nearly 8,000 homes per year, developers said. Peel Cubico Renewables said the Billown Solar Farm, to be built on agricultural land in Malew near Castletown, could be in operation next year if approved.

What is Billown solar farm?

The Billown Solar Farm, which would be the first of its kind on the island, would be situated on 84 acres of agricultural land in Malew. Peel Cubico Renewables said the project would be operational by 2024 and could power up to 7,700 homes. The firm is now asking for feedback on the proposals before formal plans are submitted.

Air Source Heat Pumps A highly recommended heat pump manufacturer and popular choice with our customers is Mitsubishi. For a typical 3 or 4 bedroom property in the Isle of Man we would install a heat pump out of their EcoDan range, an 11.2kw Ashp complete with a 200L cylinder would cost approximately £12,500, this includes installing and decommissioning of existing ...

Proposals for the very first utility-scale solar farm on the Isle of Man have been released by designer Peel

Solar evolution Isle of Man

Cubico Renewables (PCR). The 26MW Billown Solar Farm in Malew, near Castletown, would certainly produce enough power to fulfill more than 5% of the Isle of Man's power demand, when functional in 2024.

The Isle of Man produces more solar than you would think, even on an overcast day, we are still reaping the rewards of free electricity! A small solar array of 8 panels can produce 3630kwhrs of electricity and this equates to an annual cost saving of £1034.55.

Plans have been submitted for the Isle of Man's first solar energy farm. The proposed 84-acre development in the south of the island would generate enough electricity to power nearly 8,000 homes ...

Why are Solarscopes filters from Isle of Mann so expensive? - posted in Solar Observing and Imaging: In my quest to purchase another H-alpha solar filter I came across filters from Solarscopes located in the Isle of Mann. I was shocked at the prices. Looks like you can purchase a Lunt 100mm for the same price as a 50mm filter from Solarscopes. Is there ...
