

Solar power company in Liechtenstein

Does Liechtenstein have solar energy?

In recent decades, renewable energy efforts in Liechtenstein have also branched out into solar energy production. Most solar energy is generated by photovoltaic arrays mounted on buildings (usually roofing), rather than dedicated solar power stations.

Will Hilti build the largest photovoltaic plant in Liechtenstein?

Schaan (FL), April 27, 2022 - By the end of 2022, Hilti will build the largest photovoltaic plant in Liechtenstein at its headquarters in Schaan. More than 4600 solar modules, installed on an area of around 1.5 soccer fields, will supply the Hilti Campus with solar power in the future.

What is Liechtenstein's national power company?

Liechtenstein's national power company is Liechtensteinische Kraftwerke (LKW, Liechtenstein Power Stations), which operates the country's existing power stations, maintains the electric grid and provides related services. In 2010, the country's domestic electricity production amounted to 80,105 MWh.

When will photovoltaic contracting start in Liechtenstein?

In parallel with the development of the contracting model, the planning of the first photovoltaic contracting in Liechtenstein also begins in 2012. In close cooperation with the local authorities, the contracting plant in Schaan in the Liechtenstein Oberland can be put into operation in autumn 2012.

What is energy in Liechtenstein?

Energy in Liechtenstein describes energy production, consumption and import in Liechtenstein. Liechtenstein has no domestic sources of fossil fuels and relies on imports of gas and fuels. The country is also a net importer of electricity.

What is the oldest power station in Liechtenstein?

Lawena Power Station is the oldest in the country, opened in 1927. The power station underwent reconstructions in 1946 and 1987. Today, it also includes a small museum on the history of electricity production in Liechtenstein. Samina Power Station, currently the largest of the domestic power stations, has been operational since December 1949.
