

Solar power world top contractors 2024 United Kingdom

Who are the top solar contractors?

Due to this unfortunate turbulence, some companies exited the industry, which allowed new names to take top spots on the Top Solar Contractors List. The main list has a new No. 1, with Florida-headquartered contractor Mosstaking the top spot for the first time. The EPC completed 3.5 GW in 2023 and installed 1.5 GW in its home state.

How many states have Solar Contractors installed in 2024?

Individual lists of contractors in all 50 states and 2 districts/territories: The 2024 Top Solar Contractors class installed solar in every state except North Dakota last year. Washington, D.C., and Puerto Rico also had installations by TSC listees. The Top 5 states in which TSCs installed are California, New York, Texas, Illinois and Florida.

How many solar projects did the top 5 solar contractors install in 2023?

The Top 5 solar contractors each installed more than 2 GW in 2023, while some exceeded 3 GW. "Solar projects in every market -- residential to utility-scale -- are getting bigger and oftentimes more complicated in scope, financing and permitting.

Does a TSC listee offer a warranty on solar panels?

A survey sent to all listees found 84% of contractors offer additional workmanship guarantees to customers besides just manufacturer warranties. There is an even split on the type of solar panels TSC listees install -- 51% primarily install bifacial panels while 49% primarily install monofacial panels.
