This article is about how I got into amateur radio, how I setup my basic solar-powered ham radio shack, and how I stay in practice with my equipment in my shack. I had been interested in Amateur Radio (a.k.a. "ham" radio) since I was a little boy, more than 50 years ago. I will soon be 68 years old.

Solar Stack is an innovative and damage-free solar panel mounting system that revolutionizes the way solar panels are installed on roofs. Unlike traditional methods that involve drilling holes and potentially causing damage to the roof, ...
