

# Solar shops in harare Wallis and Futuna

Why should I hire a professional for my solar system?

Hence it is of utmost importance to have your proposed solar system designed and sized by a qualified professional. As a company, we have successfully completed close to a thousand installations over nine years with each project different in size and scope. We have done both commercial and home installations, on and off-grid setups.

Do you install quality solar equipment?

We only install quality equipment. We use reputable brands, from solar inverters to panels and batteries. We know good equipment means good guarantee periods so we try and take advantage of this for our customers' benefit. Our mission is to increase awareness and adoption of solar energy.

Who is Horizon solar & inverter?

Since our inception, Horizon has become a trusted expert in providing innovative energy solutions for all, including: installers, integrators, distributors, retailers, rural, recreation and do it yourself (DIY) customers. We light up your home by our solar and inverter products. Our experienced team is on standby for your service!
