

# Solis solar Djibouti

Who is CAPTCHA\* Solis?

Other Countries and Regions Global (English) Captcha\* Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial & industrial rooftop projects, and residential solar systems.

Will AMEA power build a solar photovoltaic plant in Djibouti?

Emirati independent power producer (IPP) AMEA Power has signed agreements to build a solar photovoltaic plant in Djibouti. With a capacity of 30 MWp, the construction of the solar plant will be done in the framework of a public-private partnership (PPP).

Why is Djibouti relying on IPPs?

According to Power Africa, Djibouti has an installed capacity of only 126 MW. Out of this just 57 MW are reliably available to serve a population of nearly 988,000 and its main industries. However, the government is relying on IPPs to exploit Djibouti's renewable energy potential. The government is ramping up its renewable energy capacity.

What does AMEA power do in Djibouti?

AMEA Power will develop the project in partnership with the Sovereign Wealth Fund of Djibouti (FSD). The electricity produced will be sold to Djibouti's public utility &#201;lectricit&#233; de Djibouti (EDD), under a long-term power purchase agreement.

Who signed the IA in Djibouti?

The official signing ceremony was held in the presence of President Ismail Omar Guelleh. The IA was signed by Hussain al-Nowais, Chairman of AMEA Power, and Yonis Ali Guedi, Djiboutian Minister of Energy and Natural Resources.
