Who is Sun arc solar?

Sun Arc Solar offers reliable and cost-effective solar panel installation for your home. Our family-run business ensures quality and personalised service for every home across Ireland. Are your energy bills weighing you down? Sun Arc Solar has the solution for you!

Who is sunarc?

SunArc is a market-leading energy company, specialising in utility scale energy storage, solar plant management as well as energy generation in Africa.

What is Sun arc solar's CSR programme?

At Sun Arc Solar, we believe in giving back to the community and taking responsibility for the impact we have on our surroundings. In line with this belief, we have launched our CSR programme, with a mission to educate and sponsor the youths of today. Our focus is on promoting sustainable energy by providing workshops for schools around Ireland.

What is the sunarc experience?

The SunArc experience covers brilliantly designed solar pv systems and installations completed by our own in house teams with system monitoring and most importantly, 25 years of free energy from the sun.

Why should you choose sunarc solar?

SunArc solar systems are rapidly reducing in cost, while grid electricity becomes ever more expensive. Once SunArc has installed your system you will never face energy price hikes again. You will recoup the installation cost within several years, and after that you will continue generating your own free power.

Why should you choose Sun arc solar?
