

Sun exchange Bulgaria

What type of insurance does Sun Exchange offer?

Sun Exchange offers fire, theft and damage insurance that covers the solar cells throughout the lease period. Additionally, they have a 25-year power output guarantee on the cells. Sun Exchange also collects its own insurance fund in case the customer defaults and the solar cells need to be relocated.

Why should you choose Sun exchange?

We take care of your energy needs. You focus on your work and your mission. Whether you're looking to cut energy costs, protect your operations from power outages or bring reliable, off-grid electricity to a remote location, Sun Exchange offers a range of solar solutions that simply and affordably address your energy needs.

Is Sun Exchange a profitable investment?

Sun Exchange offers an expected internal return rate of over 10% and is a good business opportunity. Sun Exchange was founded by Abraham Cambridge in 2014. Abe has an academic background in climate change science and has worked as a solar engineering consultant in South Africa.

Sun Exchange's energy solutions have a clearly defined annual CPI-linked escalation. This means that, no matter how much Eskom raises its tariffs, Sun Exchange follows a consistent pricing model for the duration of our partnership. This approach enables our customers to accurately budget for their energy costs.
