This subreddit is for discussions about prepping, with the primary focuses being on: Food & Water: (disinfecting, storage, growing, harvesting, hunting, etc) Survival Strategies: (long and/or short term) Off-grid energy: (wind, solar, hydro) Gear Question's: requests/reviews of your actions/ideas/gear Other: Use common sense here please, and read the rules below

1 review and 5 photos of OFF THE GRID GARAGE "Sometimes you meet someone that restores your faith that there are good honest thoughtful people who run a local family business and it is like a light bulb being turned on . My 87 old father in law lives alone and has two vehicles that he attempts to get his air conditioning fixed and each one ...

When it comes to living off the grid, having a reliable and efficient battery storage system is essential. Luckily, there are numerous innovative solutions available, from lithium-ion batteries to flow batteries, allowing you to harness and store energy to power your off-grid lifestyle with ease.

One of the most important parts of your solar battery storage system is the inverter which transforms the DC battery voltage back to AC 120V/230V. To select the right inverter for your needs, it is essential to know your load, so basically what do you want to power form your batteries. Add up all your...

On this site, I'm publishing the data I have collected during my experiments and tests with mostly LiFePO4 cells. I use the ZKE-Tech EBC-A20 and ZKE-Tech EBC-A40L tester for that. Links to both devices can be found here.If you don't have any of these testers but you still would like to analyse the data, you...

JK BMS with integrated 2A active Balancer.. This is the BMS we have all waited for. It's the Jack of all trades, the ultimate BMS AND balancer combined in one device, controlled with one app. The video with the first setup, comprehensive ...
