

Taqa energy Sierra Leone

What is Taqa (Arabic for energy)?

TAQA (Arabic for Energy) is one of Abu Dhabi's flagship companies and as such has an important role to play in helping to deliver the economic strategy of the Emirate of Abu Dhabi. The company currently operates in 11 countries across four continents.

What makes TAQA unique?

Our integrated business core in oil, gas, renewable and new energy is based on strong commercial principles. At Taqa, we strive to provide solutions for the oil and gas industry by implementing a strategy that places us at the forefront of innovation.

Does Taqa Arabia supply natural gas to El Sewedy industrial city?

Rosetta for Energy Solutions, a TAQA Arabia subsidiary, signed an MoU with El Sewedy Industrial Development to supply natural gas to El Sewedy Industrial City in Tanzania via an innovative LNG Virtual Pipeline.

Does Sierra Leone need a reliable energy supply?

The nationwide electrification rate was recorded at 5% (estimated at 12% in urban areas and 2% in rural areas) in 2018 with roughly 150,000 connected customers. The country's energy needs are hugely under served, and the lack of a reliable energy supply is the primary obstacle to Sierra Leone's development.

Where is TAQA based?

With operations in several regions, Taqa's presence extends across the Middle East, particularly Iraq, the GCC, and abroad. Our activities range from exploration to production and development, and includes providing the necessary support services.

What services does TAQA provide?

At Taqa, we also provide drilling services and other support activities that ensure well production enhancement. We work hard to develop a deep understanding of our customers' commercial ambitions and leverage our technical expertise in order to provide customers customized solutions that achieve their business aspirations.

The renewable energy development framework is rated medium. Sierra Leone developed an RE policy in 2016 that was updated in 2019. SLEWRC is in charge of renewable energy regulation. The Renewable Energy Directorate of the Ministry of Energy is responsible for the formulation, development and implementation of the renewable energy strategy.
