

Taranis energy Venezuela

Depuis 2003, l'entreprise de Taranis Energy a acquis un savoir faire dans le développement, la conception, la construction et l'exploitation de centrales de production d'électricité de type cogénération, à partir de gaz, biogaz et biomasse, et la production d'eau chaude et de vapeur. Taranis Energy est un acteur sur les marchés de gros de gaz et d'électricité.

Our 48V batteries are an ideal choice for CLASS 1 & 2 forklifts, including narrow aisle and high-rack stackers. Their consistent discharge enables your fleet to maneuver efficiently in tight warehouse spaces. The IE48460 is one of our 48V batteries with a large capacity, providing steady and ample power for your ma

Our 48V batteries are an ideal choice for CLASS 1 & 2 forklifts, including narrow aisle and high-rack stackers. Their consistent discharge enables your fleet to maneuver efficiently in tight warehouse spaces. The IE48280 is one of our 48V batteries with a large capacity, providing steady and ample power for your ma

Our 72V batteries are an ideal choice for CLASS 1 & 2 forklifts, including narrow aisle and high-rack stackers. Their consistent discharge enables your fleet to maneuver efficiently in tight warehouse spaces. The IE72230 is one of our 72V batteries with a large capacity, providing steady and ample power for your ma

The IE24280 is a 24 V system battery specifically engineered to deliver reliable and safe power for your material handling equipment. It offers enhanced safety features. With a capacity of 280 Ah, this battery delivers excellent ROI through reduced labor hours, lower maintenance costs, energy savings, and minimized equ

The IE24560 is a 24 V system battery specifically engineered to deliver reliable and safe power for your material handling equipment. It offers enhanced safety features. With a capacity of 560 Ah, this battery delivers excellent ROI through reduced labor hours, lower maintenance costs, energy savings, and minimized equ

Welcome to our Industrial section. Please select the appropriate section from the Industrial drop down menu on top. If you are not sure what battery you need or have any questions please contact us directly. We are happy to help.

The DE-Series is a reliable, long-lasting, and low-maintenance power source. With their superior performance and efficiency, lithium batteries offer numerous advantages over traditional lead-acid batteries, including longer lifespan, faster charging times, and reduced weight. Fully enclosed steel case, advanced battery

230 Ah, Lithium Iron batteries from CALB 3,500 cycles to 80% DOD, Extremely reliable and safe, no chance of a thermal runaway. PS. These go great with our 12V KIT [Click Here](#) 2 Year Warranty Detailed Specs

Taranis energy Venezuela

Chemistry LifePo4 ...

105 Ah, Lithium Iron batteries from EVE. 3,500 cycles to 80% DOD, Extremely reliable and safe, no chance of a thermal runaway. 2 Year Warranty Detailed Specs Chemistry LifePo4 Voltage 3.2V Capacity 105 Ah - 336W Performance ...

280 Ah, Lithium Iron batteries from EVE 6,000 cycles to 80% DOD, Extremely reliable and safe, no chance of a thermal runaway. PS. These go great with our 12V KIT Click Here 2 Year Warranty Detailed Specs Chemistry LifePo4 Voltage 3.2V Capacity 280 Ah - 896W Performance Max Continuous Discharge 280A Voltage Range 2.5 -

The DE-Series is a reliable, long-lasting, and low-maintenance power source. With their superior performance and efficiency, lithium batteries offer numerous advantages over traditional lead-acid batteries, including longer lifespan, ...

We are proud to announce that Taranis has acquired the Africa branch of Akuo, an international developer and producer of renewable energy. This acquisition includes Kita, Mali's largest ...

Our 36V batteries are an ideal choice for CLASS 1 & 2 forklifts, including narrow aisle and high-rack stackers. Their consistent discharge enables your fleet to maneuver efficiently in tight warehouse spaces. The IE36460 is one of our 36V batteries with a large capacity, providing steady and ample power for your ma

This 48 Volt Kit works with 105Ah and 230-320Ah Cells plus others with the same physical characteristics. Takes only a few minutes to assemble, no soldering, wire work or advanced knowledge required. BMS has a 100A continuous discharge, 70mA passive balancing, temperature sensors, built in Bluetooth and UART connector

Our 72V batteries are an ideal choice for CLASS 1 & 2 forklifts, including narrow aisle and high-rack stackers. Their consistent discharge enables your fleet to maneuver efficiently in tight warehouse spaces. The IE72280 is one of our 72V batteries with a large capacity, providing steady and ample power for your ma

The IE24230 is a 24 V system battery specifically engineered to deliver reliable and safe power for your material handling equipment. It offers enhanced safety features.
